

The AccelTex Solutions Aruba AP suspended ceiling tile enclosure mount secures and protects an Aruba 220 series AP within a ceiling tile grid. This enclosure mount fits in a standard 2'x2' suspended ceiling tile grid opening and is the most convenient and secure method for AP mounting in a suspended ceiling environment.

Part Number: ATS-CT-ARUBA1-2X2

> FEATURES

- Universal Design - Just replace the door when migrating to a new AP
- Door is easily removed and can be installed to open in any direction with our innovative spring hinge system
- AP installs using the included ceiling tile grid clip shipped with the AP onto an integrated mounting plate with no tools
- Key lock for security
- Includes integrated tabs for securing enclosure mount to permanent building structure
- Shallow back box (1.5") allows installation into the tightest ceiling clearances

> BENEFITS

- Easy to Install
- No ceiling tile grid modification necessary (if mounting into a 2'x2' grid)
- Service the AP without removing the enclosure mount from ceiling
- Lightweight aluminum design reduces ceiling strain and load
- Simple, one person installation
- Blends seamlessly into ceiling
- No tools required for installation
